## Internal Audit Development

The Internal Audit Department is a function of the Corporate Services Directorate. It is the responsibility of Internal Audit to give assurance to the Chief Executive on the existence, adequacy and effectiveness of the Council's internal controls and risk management systems. The Committee acknowledges the level of training and development provided by the Council to assist the Internal Auditor.

## Financial and budgetary management reporting

The Council's total gross Revenue Expenditure for 2022 is estimated at €93.8 million. At present the Annual Financial Statement is in draft format. Capital expenditure is estimated at €63 million.

As reported previously, the Council operates standard local government financial management systems, Agresso and accrual accounting practices.

The Council must operate within its Annual Budget and achieve income targets while at the same time provide a good standard of public and community services. To this end, it is noted that the Council implements continuous financial control and audit systems to monitor the performance of the organisation. The operation of the monthly management account reporting, through accountable Line Managers is central to the good financial control in place. It is also noted by the Committee that individual service areas carry out a review of expenditure and income on a monthly basis.

## Risk Register

The Council first prepared a Risk Register in 2006 and since then Management has regularly updated the document. The Risk Register is an internal document prepared to identify the main risk areas facing the Council and to put measures in place to mitigate against the risks. Risks can be financial, physical, political, legal, or reputational.

## Work Priority for 2022

### Income Risk

The Committee met with the Head of Finance on two occasions in 2022. The Committee raised concerns over the impact of Covid-19 on the Council's income especially in the areas of Commercial Rates and Parking Fees. The Committee will continue to monitor this area in the future.

### Budgetary Controls

Controls of over budget expenditure are key to the efficient operation of the Council. The Committee will continue to require quarterly updating of the budgetary position of the Council and provide advice and commentary as necessary.

### Internal Audit Plan

The information gathered through Internal Audit Reports provides the Committee with significant insight into the management and operations of the Council.

### Conclusion by Chair

The Committee receives all the support and information it requires to fulfil its remit and is satisfied it will continue to be able to fulfil its role in the overall governance arrangements of the Council into the future. We remain satisfied that Kilkenny County Council has proper governance procedures in place.

We received full cooperation from Sean McKeown, Acting Chief Executive and his staff in relation to all aspects of our work. We particularly would like to thank Tim Butler, Director of Services, Anne Maria Walsh, Senior Executive Officer, Corporate and Brigid Webster, Internal Auditor for their support to the Committee.

I wish to reserve a special word of thanks to my Audit Committee colleagues for their contributions and for facilitating meetings held in 2022.
